

# CRUISE INDUSTRY ECONOMIC IMPACT ALASKA

## IN 2019, CRUISING GENERATED:

Alaska is the premier cruise destination market in the United States, and the state benefited tremendously from the more than 6.1 million cruise passenger visits that take place each year representing about 21 percent of all passenger and cruise visits in the U.S. The state has homeporting operations, and generated over 220,000 embarkations on turnaround cruises between Alaska and Vancouver, Canada. The cruise lines also maintain significant tour operations in the state. During peak season, cruise lines directly employ thousands of full- and part-time employees in Alaska.
